

CENTRAL INTELLIGENCE AGENCY

WASHINGTON, D.C. 20505

MEMORANDUM FOR: Edward J. O'Malley  
Deputy Assistant Director  
Intelligence Division  
Federal Bureau of Investigation

STAT FROM:

[REDACTED]  
Director of Security

SUBJECT: CIA-sponsored Industrial Security  
Officers Training Course

1. An internal Industrial Security Officers training course will be held from 1 through 5 February 1982. Among the topics of relevance and interest to Agency Industrial Security Officers is opposition efforts to obtain classified information in the industrial arena. It has come to our attention that the Bureau, through its DECA Program, makes a general security awareness presentation available to interested contractors. This briefing is widely acclaimed by those who have attended. Inquiries were made of Mr. Jay Aldhizer as to the appropriateness of this presentation in a course such as ours. It is my opinion that this briefing will be enlightening in two regards; first, in providing pertinent and current information on the subject of industrial security and, second, in learning the Bureau's approach to a common problem.

2. In the event a speaker can be made available for this course, details regarding date, time and location can be arranged through normal liaison channels. Your efforts on our behalf will be greatly appreciated.
